

BUS #788 - SPECIAL EDUCATION

A.M. & P.M.

This run is designed to serve students with special needs and transports students across school districts. This run originates from the Cox Landing Transportation Complex and the route is determined by the needs of the school system. These students are delivered to multi-locations. Due to the nature of the students to be transported, this run must be flexible. Students may be added or deleted daily causing the run to require adjustments on short notice.
